HISTORIC AMERICAN BUILDINGS SURVEY

MURM HOUSE

HABS No. MO-1771

Location: Augusta, St. Charles County, Missouri

HISTORICAL AND ARCHITECTURAL INFORMATION

The following information was recorded by Alexander Piaget and Charles van Ravenswaay at the time the photograph was taken:

Earliest portion constructed ca. 1860 as a one and one-half story frame building with a center hall. The center section was raised in 1887 to complete the present facade. It houses the stairway and a small chamber. The upper hall gives access to the second floor in the back wing. Stone foundation, tin roof, interior plastered, heated by stoves.

In floor plan, this house is typical of local Augusta style. Porch original and representative of simpler German type found in area. Relatively unaltered.

An early owner was Adolph Muhm; presently owned by Fred Kopmann.

PROJECT INFORMATION

The Piaget-van Ravenswaay Survey consists of a number of photographs, primarily of sites and structures in Missouri, which were taken before 1938 by Alexander Piaget and after that by Paul Piaget, both in conjunction with Charles van Ravenswaay. Photographs of buildings were incorporated into the HABS collection in 1985 by Laura Rupp and in 1986 by Deborah Fulton, HABS historians. A master list is available in the [REDACTED] records for MO-1800.
